

## Green Award Initiative

- Save 3% annually
- Global recognition
- Additional discounts from other providers

**ALL FLAGS ARE NOT ALIKE**

### Contribute Globally to Sustainable Waterborne Transport

The Liberian Registry was the first flag State to participate in the Green Award Initiative, under which eligible shipowners are offered significant annual tonnage tax discounts, at the same time helping Liberia to retain and improve on its position as the greenest fleet afloat.

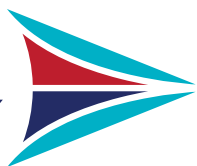

Green Award is a global, independent, not-for-profit quality assurance organization which certifies ship managers and vessels that go beyond industry standards in terms of safety, quality, and environmental performance. The initiative brings together ship managers who are willing to improve the safety and environmental performance of their vessels with ports or private companies in the maritime sector which are willing to support vessels that go beyond international conventions and legislation in terms of ship lay-out and equipment, quality of operations, and management.

**3%**

Annually discount on tonnage tax

**LIBERIAN  
REGISTRY**

## Green Award Initiative

The Liberian Registry is committed to helping ship owners and operators improve their green credentials and meet other corporate social responsibilities. Liberia is confident that the Green Award Initiative will help achieve those objectives.

### **Benefits for Green Award Certified Liberian Flag Ships**

- A tonnage tax discount of 3% annually as long as the vessel remains a part of the Green Award Initiative
- Global recognition for being a Green Award certified vessel
- Additional discounts from other Green Award incentive providers including participating port authorities, classification societies, and various maritime shipping services, products, and technology companies.

**For more details on the benefits of becoming a Green Award certified vessel,** please visit [www.greenaward.org](http://www.greenaward.org) or scan the QR below.
